Dear Ms. Okonjo-Iweala,

**Attention Honourable Director-General Ngozi Okonjo-Iweala**

Our Ambassador, Noel Day is thanking your offices worldwide, for the opportunity given to serve your country and her interests and rights abroad.

Where together, we will train the new elected bodies into decent politics of true democracy and leadership as per developments in both the AI, CASHLESS SOCIETIES, and ID CHIP ERAS OF PANDEMICS, as human development has slowed down dramatically since the computer space race started out.

There are millions of institutions teaching students to be everything that one can name and be a specialist at, even digging holes, and I'm serious, but no institution teaches students the mannerisms needed in a changing world, a changing landscape, a changing political under and inner standing, policies and laws added daily that threaten freedoms and humanitarian rights, a changing digital and super nova era, even languages and morals are adjusting
